\*Supplier refund are refunds received from Columbia Gas of Ohio's interstate pipeline suppliers or service providers. These refunds plus interest are passed back to customers. Reconciliation adjustments ordered by the PUCO following hearings held under rule 4901:1-14-08 of the Administrative Code, plus annual interest are refunded or collected from customers.

\*\*The quarterly Actual Adjustment compensates for differences between the previous quarter's expected gas cost and the actual cost of gas during the quarter.

\*\*\*CSRR Provides for the pass back or recovery of balances in gas costs, refunds and shared Off-System Sales and Capacity Release revenues.

\*\*\*\*Bills issued by Columbia Gas of Ohio show gas used as measured by CCF or one-hundred cubic feet. Some marketers quote prices in Mcf (thousand cubic feet). To aid your comparison, a rate of \$1.00 /Mcf is equal to \$.10 /Ccf.
