

# What goes, beep, beep, beep, beep?

Digger Dog® knows that carbon monoxide (CO) is a dangerous gas that can't be seen or smelled. It's important to install CO alarms on every floor of your home. If the CO alarm makes a series of beeps, **LEAVE** the area immediately, and **CALL 9-1-1**.

Which floor is missing a CO alarm?  
Circle your answer below.

First Floor   Second Floor   Third Floor

**REMIND GROWN-UPS** to review your CO alarm's model specifications and be sure to learn the warning noises it makes. And remember, if your CO alarm goes off, **LEAVE** the area to get to fresh air, **CALL 9-1-1** and **DO NOT GO BACK** until repairs are made.
